**SUBJECT: Quotation for modifying Zeiss Microscope  
to accept Polaroid film adapter.**

**Gentlemen:**

We are pleased to submit our proposal for modification of the Government owned Zeiss Microscope in your possession to accomodate a Polaroid 4" x 5" film holder. This requires cutting away and recessing the upper housing and sealing this section light and dust tight.

The following estimate of labor and materials is expected to cover this work on a time and material basis:

25X1A

We trust this proposal is satisfactory. If further details are desired, please advise.

Very truly yours,

25X1A

Vice President
